EXPERIENCE

Full Stack Development Intern – Technical Hub Pvt. Ltd.

May 2025 – June 2025

- Built responsive UI pages and mobile interfaces using HTML, CSS, and React Native.
- Created reusable components and improved application usability.
- Used Git for version control and debugging during development.

PROJECTS

Browser-Based Code Editor (Link)

- Built a VS Code-inspired browser-based code editor with advanced keyboard shortcuts.
- Implemented smart editing features such as auto-indentation, comment toggling, and undo/redo.
- Containerized the application with Docker for consistent deployment and scalability.

Real-time Video Chat Application (Link)

- Developed a real-time video conferencing application enabling peer-to-peer communication for up to 4 participants.
- Implemented WebRTC offer/answer and ICE candidate exchange using a custom Socket.IO signaling server.
- Built interactive meeting controls including microphone mute, camera toggle, call termination, and in-room messaging.
- Dockerized and deployed the application with a live demo environment for real-time experience
